

babycottons' newborn essentials guide

Every new arrival is an exciting challenge! As mothers we need to think about the right layettes, the right gear and so many more things. Babies need a lot of comfortable clothing as they have more changes than you'd ever believe.

At babycottons we want to share this unique experience with you, so we created the Newborn Essentials Guide which lists the necessary garments and the amount you will need for your baby's first days. Layettes with classic designs made of the softest pima cotton that when in contact with baby's skin, produce unique sensations of comfort and warmth.

We take special care of preemies offering very small sizes that are specially designed to make dressing easy. View our online sizing chart at www.babycottons.com.
